

MVP II Locker

- Full width shelf
- 2" h steel name plate
- Coat rod with four hooks
- Diamond perforated sides
- Available Unassembled, Assembled, or All-Welded

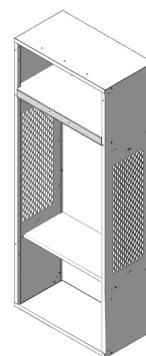

OPTIONAL ACCESSORIES

- Small Compartment with pull handle
- Footlocker 24-1/5" d with lift-up lid

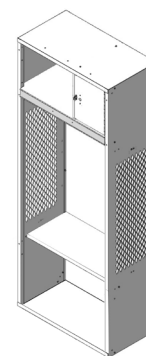

Republic's MVP II Locker is perfect for team locker rooms. Wider than most, this athletic locker is available 24" and 28" wide. The top shelf offers a 12" h space that easily fits a full sized helmet. Use the 2" h steel name plate to individualize each locker. A full width coat rod and four double prong hooks offer ample space for hanging uniforms and equipment. Build the locker up with the small compartment and footlocker for added security and built-in seating.

Easily secure personal items in the small upper compartment. This locker offers a clear opening of 8-1/2" w and features a steel pull handle on the door. Easily add your own padlock or a built-in combination lock to secure the door closed.

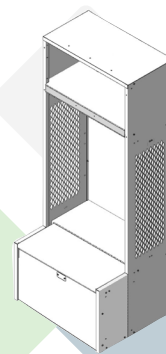

The footlocker extends 9" past the main locker frame creating an easy seat for a fully uniformed player. A full width piano hinge helps the lid lift smoothly to allow bulky items to be stored inside. The lid includes a hasp allowing you to easily add your own padlock to secure the items inside.

OPTIONS AND ACCESSORIES

Republic lockers feature a durable powder coat finish that will withstand years of use. Upgrade your MVP II Locker from a single color into a dual color locker to match your team colors! Select one color for the main parts of the locker and choose a second color for the small compartment door and the front of the footlocker.

Lock Options

Easily add a hanging padlock to the small compartment door or footlocker lid. A variety of built-in lock options are available for the small compartment door.

Dual Color

Add a durable wooden bench top made of hardwood and finished with two coats of clear acrylic. The acrylic finish gives the wood top a glossy look. It also forms a hard resin to help protect the bench top from scratches from everyday use.

Hardwood Seat

Padded Seat

Increase the comfort of your players when you add a padded seat to your footlocker. The thick padded cushion is wrapped in a durable, easy-to-clean durable vinyl. Personalize your seats even further by adding your team's mascot.
