	48" x 24"	1 Full / 4 Half	75 lbs.	RS1233	RS1233SU

The 1200 series cabinet features durable steel construction. The modern front corners provide a sleek look. Full height double doors open wide to allow you full access to all areas of the cabinet. The 2-3/4" high base provides extra toe room below the storage cabinet when the doors are open.

A polished chrome plated handle easily turns to hold the doors closed. The 3-point locking system helps secure the door closed at the top and bottom of the cabinet. A keyed lock integrated into the handle offers further security. Each lock includes two keys.

The 1200 series cabinet includes fully adjustable shelves. These shelves can be adjusted on 3/4" centers without tools. Each shelf is held in place with four clips. The standard cabinet includes four full-width shelves. The combination cabinet includes one full-width shelf with partition, a coat rod and four adjustable half-width shelves.
