

Drawers In Shelving

- 85" h beaded posts
- Available widths: 36" or 48"
- Available depths: 18" or 24"
- Closed back and sides
- 4 shelf clips per shelf
- Shelves adjustable on 1-1/2" centers
- Drawer capacity 400 lbs each
- Units ship unassembled

Republic combines 2000 series shelving and modular drawers to create the perfect storage solution for both small parts as well as bulkier items. Units are available with 36" or 48" widths and 18" or 24" depths.

Shelves can be easily adjusted on 1-1/2" vertical centers without tools. The closed backs and sides of the shelving unit helps to better contain items within a set space. Closed shelving features 24-gauge back and side sheets to completely enclose the shelving unit.

All drawers have a capacity of 400 lbs and fully extend for complete visual and physical access. The drawers easily install into drawer brackets that attach to the shelving posts. Suspension glide rails lock into the brackets, then the drawers slide into place.

Each drawer features an ergonomic aluminum handle. Use the included paper label and plastic shield to help keep the shelving unit labeled and organized.

Adjustable layout kits are available for both 18" and 24" deep drawers. The steel dividers can be easily moved or removed as needed to accommodate the items stored inside.
